

Coway's Electronic Bidet Systems

The tissue-free, hands-free alternative for more complete and pleasant cleaning.

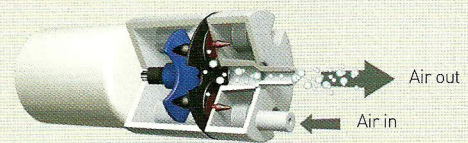

Multi-way valve system

This model has three new innovations - Air⁺ water stream, Self-cleaning nozzle, 3 levels flow width control.

Air⁺ water stream

The addition of bubbles to the water stream not only creates a gentler, softer cleaning action for sensitive skin but reduces water consumption.

Automatic deodorization removes unpleasant odors leaving air smelling fresh and clean (BA13 only).

Sterilization

Silver oxide nano particle treatment system has powerful anti-fungal & anti-bacterial properties to keep the nozzle clean and corrosion free for longer nozzle life (BA13 only).

Dry control

After the cleansing is complete, the temperature-adjustable dry air guarantees a refreshing finish.

Instant heating system ensures that warm water is instantly available before using the bidet (BA13 only).

Mesh filter filters any particulate matter contained in inflowing water (BA13, BA15, BA17).

Twin stainless nozzles for enhanced hygiene and more accurate individual use (BA13 only).

3 levels flow width control

You can personally control the cleaning flow spread from strong concentrated stream to softly spread stream.

Heated seat

The temperature control device maintains comfort.
